

ISOM at ROLIM

With our current mission of equipping our members, we, at the Rivers of Life International Ministries are launching a training institute or a school of ministry that will provide an opportunity for every willing Christian believer to be trained for ministry. This is the International School of Ministry® or its internationally-recognized name, ISOM. It is the world's largest video Bible school with more than 12,000 training sites in 141 nations and a church-based video training program that has a complete training curriculum, including a facilitator's guide, workbooks, group discussions, homework assignments, tests and well-known teachers who impart life messages in their areas of expertise.

Although, we will be using a non-bilingual version called ISOM Express, ISOM is a bilingual program that is available in over 60 languages. It is very evident from the video lessons that the program manifests the power of the Holy Spirit and equally teaches knowledge, character, and spiritual gifts.

At this point, we're having the pilot class with the ROLIM's Pastoral Staff and other members every Sunday at 2:30 to 4:30 in the afternoon. Hopefully, at the middle of March, we will have three classes already every Sunday and the Pastoral Staff will already be facilitating these classes. We will also open other training classes in other strategic places on weekdays. So, if you are interested, please see Sis. Eden Roasa for details or Sis. Jenny de Ramos to register.

Register NOW!

TRIMESTER ONE: (32 -hour video presentation only)

Foundations of the Faith

Supernatural Living

New Testament Survey

Praise and Worship

Fear of the Lord
